Creed

I believe in myself. I believe in those who work with me. I believe in my teachers. I believe in my friends. I believe in my family. I believe that God will end me everything I need to succeed. I'll do my best to earn it through faithful and honest service. I believe in prayer and I will never close my eyes to sleep without prayer for guidance that I will be patient with other people and tolerant with those who do not believe as I do.

I believe that success is the result of intelligent effort and does not depend upon luck or sharp practices or doublecrossing friends. I know when my employer believes I will get out of him exactly what I put into it. Therefore I will be careful to conduct myself toward others as I would want them to act toward me. I will not slander those whom I do not like. I will not slight my work no matter what I see others doing. I will render the best service of which I am capable because I have pledged myself to succeed in life and know that success is always the result of conscientious and efficient effort. Finally I will forgive those who offend me because I realize that I shall sometimes offend others and I will need their forgiveness.

DEDICATION

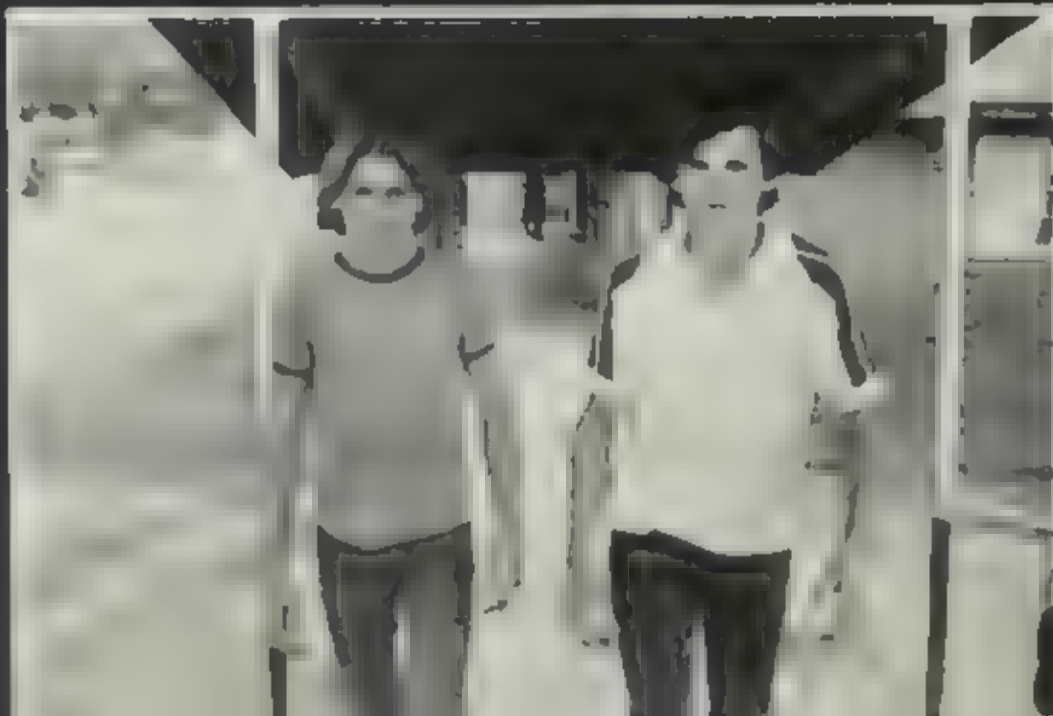

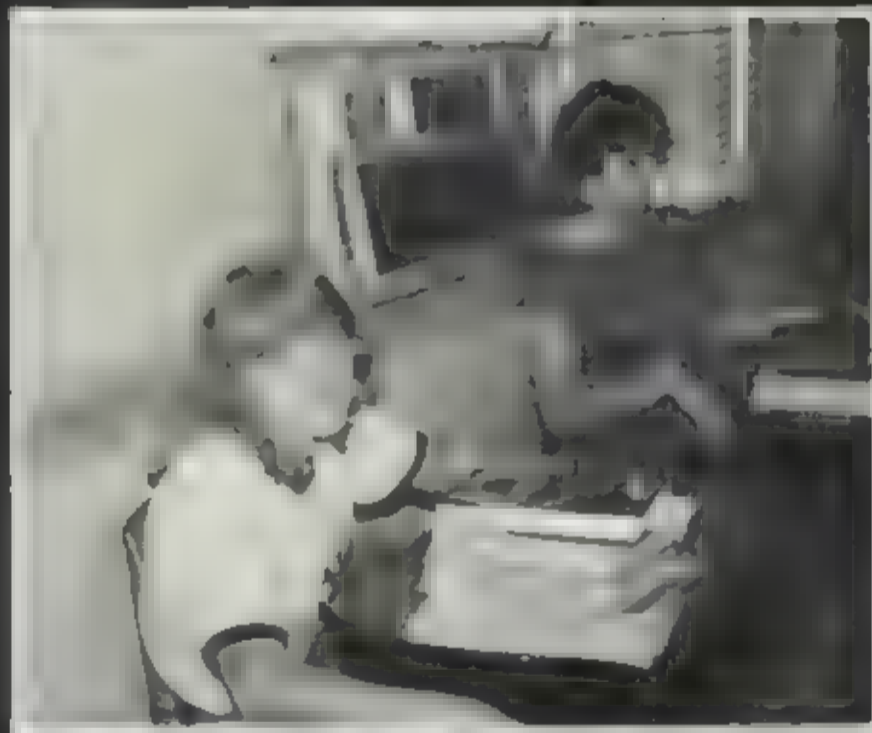

Dan Salter

Neither words nor the dedication of a yearbook is adequate to express appreciation to Mr. Dan Salter for what he has done for Negreet School.

Although he is a full time teacher, this dedicated person finds time to serve as Student Government sponsor and assistant principal. More importantly, however, he is a friend to everyone — the smiling face on a Monday morning.

Mr. Salter graduated from Negreet High School in 1971 and received a B.A. degree from Northwestern State University with a major in Elementary Education. After finishing college, he returned to NHS as a teacher instead of a student where he has remained for the past eight years.

We, the 1981 annual staff, proudly dedicate the Indian to Mr. Dan Salter.

Memories of Today . . .

The NHS Yearbook staff began their work on this year's book last May when they traveled to Alexandria to get new ideas from Taylor Publishing Company's yearbook library soon after Mr. Peterson named Miss Shirley LeDuff the new yearbook advisor. In the month of June, five members of the staff attended the annual yearbook camp at Northeast Louisiana University in Monroe to learn new techniques of yearbook production. The opening of school in late August brought the selling of yearbook ads and other fund raisers as the staff discovered that with inflation costs \$5,000.00 had to be raised. The staff sponsored other fund raisers throughout the year such as cake sales, doughnut sales, and an arm wrestling tournament. This combined with the tedious work of putting together the yearbook kept every staff member busy.

Edits, Distributes

The *Indian Press*, published monthly, is the newspaper of Negreet High School. This year's staff was comprised of the Journalism I class who was responsible for gathering information for the paper, writing the stories, editing, laying out pages, and distribution. Although these tasks seemed simple, the journalism class soon learned that producing a newspaper required long hours of hard work. Under the guidance of Mrs. Nancy Miller and Miss Shirley LeDuff who are the 1980-81 advisors to the newspaper, the staff was instructed on the correct newspaper journalistic style for writing and were urged to uphold the professional standards of journalism in producing the paper.

Student Government

The purpose of the Negreet School Student Government is to develop attitudes of, and practice in good citizenship, to promote harmonious relations throughout the school, to provide a form for student expression, to provide orderly direction of school activities, and to promote the general welfare of the school.

The student Government consists of a senate, an executive council and a faculty advisor who is presently Mr. Dan Salter. Two Senators from each class are elected at the beginning of each year and these students serve as representatives of their respective class. This organization does serve many functions throughout the year. The Student Government is responsible for preparing for the annual NHS Invitational Basketball tournament as they work with the cheerleaders on decorations and prepare the Hospitality room at the tournament. They also collect the supplies for the Halloween Carnival as well as various other things.

From the Editor's Desk . . .

The *Indian* Staff really had great ideas and spectacular plans for this year but many of them could not be fulfilled, although I can truly say we gave it our best effort.

From the beginning, the *Indian* Staff wanted and saw a need for change. This change, we felt, was a must, not only to compliment our own ambitions, but a must for the students and faculty of Negreet. It was our belief that the student body needed to see more of themselves. So, efforts were made to do just that, by including more student activities and involvement while including more journalistic writing to "tell our story."

This year was filled with tradition and transition for NHS as well as the outside world. Change was inevitable. Other innovations for this annual were the use of special graphics, new layout patterns, and new techniques which enabled us to imitate modern yearbook trends.

Hopetully, we have succeeded in giving you a yearbook you can truly enjoy and treasure for a lifetime.

Sincerely,
Kim Merten
Editor-in-Chief
